## Great way to expand your networking circle!

The Multi-Chamber Progressive Lunch is proven to be a popular community event, bringing 100+ business professionals under the same roof.

*What is a progressive lunch?*

The main idea of a Progressive Luncheon is to rotate tables for each course of your meal in order to meet three tables of business professionals face-to-face to maximize the networking opportunity.

When you arrive, you will be given a name tag and three

numbers. These numbers represent the three different tables at which you will 'dine.' At each table, there will be a moderator with questions who will direct the flow of the introductions and conversation.

At your first table, you'll hear directions for the day and have your first course.

After a period of time, there will be an announcement to report to your second table, as indicated on your name tag, where entrees will be served. After that, there will be another announcement encouraging you to move to your third and final table for dessert.

If you did not make a timely reservation for this month's event, we encourage you to look for notices about the lunch that will take place in January of next year.

# Letter from the President

## ***Why join the Roselle Chamber of Commerce?***

Membership brings credibility to your business. You can increase positive perception among consumers and business owners when you're identified as a member of the Roselle Chamber of Commerce. Increase your visibility in the community. You also can grow your business by advertising with the chamber and/or sponsoring events. To help business owners network and grow, the Roselle Chamber of Commerce hosts networking events, fundraisers, workshops, and other activities, all with the aim of connecting local business owners. In the era of email, social media, and texting, the chamber of commerce may seem like a dinosaur. However, it remains one of the best ways to network with other entrepreneurs in virtually any community.

Here are four ways that any company may benefit from joining the Roselle Chamber of Commerce.

Solve business problems. Perhaps you have a client who seeks a particular service that's outside your expertise. The Roselle Chamber of Commerce Director or fellow membership could help to quickly put you in touch with a potential suitor.

Learn something new (or act as an expert). Serving as a teacher can establish you as an expert to other members; when they need products or services that fall within your skill set, they'll likely call you first.

Get free press. Roselle Chamber of Commerce publishes a newsletter for their members and a Membership Directory to all houses in Roselle. This can provide a forum getting your name out there.

Raise your profile. Meet people at other companies - who may be your targets - and talk with them in a non-pitching environment. They also have a chance to see your ideas and contributions. This high visibility within the Roselle Chamber keeps you top-of-mind, should they be looking for your type of services.

Please share this with a non-member of the Chamber you may know.

Illinois Route 390. Green Dot Builders is pursuing the development of a Tru Hilton Hotel and a restaurant at the site, with the hotel proposed to be adjacent to the Illinois Route 390 exit ramp at Roselle Rd.

This project is currently in an exploratory stage, as Green Dot Builders has not yet filed a formal application for a site plan review. Upon the Village receiving a preliminary plan for the site, a neighborhood meeting will be held to discuss the proposal. Any proposal for the land will ultimately include a complete evaluation of the site and will go through a formal public hearing process before coming to the Village Board for final action.

For more information visit the Village's site at [www.roselle.il.us/hotel](http://www.roselle.il.us/hotel).
